## Filtration System Options

### Why install a filter system?

- 💧 Removes chlorine odor and bad tastes, purifying your tap water for drinking
- 💧 Compact, modern, sleek and stylish
- 💧 Hassle free, convenient and easy to use
- 💧 Economical and easy to install

Franklin Water offers 3 different styles of water filtration units, depending on your budget, space requirements and preference. We can supply and install:

- 💧 Under bench filter units
- 💧 Inline under bench filters
- 💧 Benchtop filter units

## Filtration System Options

**Under bench filtration unit**  
includes: filter tap, 5 micron filter cartridge, under bench housing and fittings.

**Inline under bench unit**  
includes: filter tap, onmipure 1 micron inline filter cartridge and fittings.

**Above bench filtration unit**  
includes: filter tap, above bench housing and fittings.
